

Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

Due to it is an web application user facing server issue while thay shopping.and some updation might be difficult

PROBLEM

Due to it is an web application user facing server issue while thay shopping.and some

Key rules of brainstorming

To run an smooth and productive session

Encourage wild ideas.

Brainstorm

Write down any ideas that come to mind that address your problem statement.

Person 5

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.
